NO. 27

## ROOSEVELT WILL VISIT CAMPUS ON MONDAY

### SENIORS WILL GIVE PLAY

Definite Plans Not Yet Made—  
Class will Probably Stage  
Play Early in May.

The class of 1911 met a week ago this afternoon and heard the report of the committee on the class play. For some time the class has been planning to give a play, but practically no headway had been made till the meeting of the class last week. Even at this meeting the class failed to get down to actual work and nothing much was accomplished till after the class had adjourned, when it was decided among the majority of those who had been present that a manager was needed and Mr. Harry H. Daus was chosen to act in that capacity.

Mr. Daus refused to take the position till he was duly elected by the class and so another meeting was held the following day and the selection which had been made the previous day, after the class meeting, was unanimously ratified. The new manager is now very busy selecting a play and arranging for its production.

The committee on caps and gowns reported and it was the prevailing desire of the seniors to get their gowns before the end of the semester so as to have them if occasion should require. Practically all the orders have now been placed.

The committee in charge of the informal dance given by the class reported that the dance had been financially successful to a small degree. The profits of the event are to be used to help pay the deficit of the "Gem of the Mountains, 11."

The men of the class went downtown after the meeting and looked over a number of hats with a view of selecting a senior hat, but no definite choice was made.

### Prof. Hulme in South Idaho.

Professor Hulme addressed the students at the Academy of Idaho on the subject of "What do I know?" The title of the lecture was taken from a poem by Edith M. Thomas, printed in the March number of Harper's Magazine. In concluding its report of the lecture the Pocatello Tribune, in its issue of March 31, says: "Professor Hulme is one of the greatest lecturers in the west and gave a very cultured lecture. His appearance here was greatly appreciated by all present."

### Will Take Breakfast at Ridenbaugh Hall —To Plant Tree and Give Address— Cadets Will Act As Escort.

The plans for the reception to Ex-president Roosevelt are now complete. The special train which will bring him from Spokane will arrive in Moscow at the Inland depot at 7:30 p. m. Sunday. A company of cadets will be stationed at the depot to receive the party and another company will be at the hotel awaiting their arrival. There will be no reception of a public nature on that evening, but Mr. Roosevelt will go to the hotel where supper will be served to a small party of political officials.

On Monday morning the cadets will escort Colonel Roosevelt to the campus and a salute will be fired as he enters the University grounds. From 7:45 to 8:45 breakfast will be served in Ridenbaugh Hall to a party composed of the Ex-president with the university faculty, several prominent citizens and government officials and the presidents and secretaries of the various classes of the university.

After this breakfast, Mr. Roosevelt will be asked to plant a tree on the low part of the campus just west of the tennis courts and it is planned to have him greeted at this time with a rousing college yell.

A stand will be erected directly in front of the administration building from sacks of north Idaho's famous grain, from which the great American statesman will speak. He will be escorted to this stand by the cadets, who will act as guards and keep the space around the platform open. Mr. Roosevelt will be presented by Governor Hawley, who will come to Moscow for the occasion.

The special train which will carry the Ex-president and the escorting party back to Spokane will leave over the electric line at 10:30 a. m.

The students are urged to come out with the stars and stripes and the university colors.

### ANNOUNCEMENT—A PRIZE

Two prizes of five dollars and three dollars respectively are offered from the English Club fund for the best written accounts of Roosevelt Day by students in the University. The article winning the first prize will be published in the Argonaut.

#### SOME DETAILS.

The articles should be written on theme paper and should be from eight to ten pages in length.

They should be inclosed in envelopes which may be secured at the Argonaut table in the publicity room. A fictitious name should be signed to the article and in a small envelope placed within the larger one should be the real name of the writer.

The article will be judged on basis of style, form and spirit. They should show good power in selection of details. The judges will be Dean Eldridge, Miss Sweet and Paul Clemens.

Articles should be dropped thru door of publicity office by Wednesday noon.

Any questions concerning the contest may be asked of Mr. Tull.

The annual freshman glee will be held in Eggan's Hall Friday night.

### SENIOR MINERS TAKE TRIP

Prof. McCaffery will take the senior class in mining engineering on a trip of inspection to the mining district in northern Idaho. They will visit some of the mines in the district and perhaps some in Montana. The trip will require about two weeks.

The party will leave Moscow Tuesday morning of next week and expect to reach Wardner and Kellogg the evening of the same day. They will spend probably two days there and will then go to Burke for a day or two. After completing their inspection at Burke they will go to Wallace, where they will remain several days and from where they will make a number of side trips. They will go thru some of the largest and richest mines of the country and will learn from actual observation some very valuable points on modern mining methods.

### Junior Annual Early in May.

The staff of the "Gem of The Mountains, '12," have been hard at work on the annual and at the present time hope to have the book ready for distribution before the middle of next month. They say their annual is to be a beauty. We all hope to see it soon.

### PROF. WILBUR ON LAW

Member of Law Faculty Addresses Students—Predicts Success for Law School.

Prof. Wilbur of the law school gave the address at assembly last week. He spoke of the practice of law in general and especially of the school of law at Idaho.

He said it is much better to study at school than in an office. The young man who goes into a law office learns to run errands and buy candy for the stenographer. But he has not the systematic teaching of the law faculty and little more of a subject after having read it by himself from Blackstone than before. The young man may get some exciting experiences in serving papers. Prof. Wilbur told some amusing incidents in this connection.

In proof of his contention that lawyers as crooked as popular belief has them the speaker called attention to the fact that most of our national presidents have been lawyers, and that few lawyers get into the penitentiary.

The young law student who flunks is inclined to turn against law and say it is no good, but the trouble is not with the law but the student. If he would work and complete his course in the law school he could get into good practice in three or four years.

The faculty of the Idaho law school think they have a combination of text and cases that will be most effective in the study of law, and they expect the school to grow rapidly and be completely successfully.

### First Baseball Game.

The baseball season will open with a game between the Varsity and the Spokane Indians, next Monday. The game will be called at 10:30 a. m., immediately after Mr. Roosevelt's special train pulls out. Spectators can go directly from the campus to the athletic field.

The Spokane team won the pennant last year and will show a lively game of ball. Admission will be 50 cents.

### Lewiston Glee Club Tonight

The Lewiston Normal Girl's Glee Club sings tonight at the Methodist church. There are fourteen members in the club and they will render a varied program that will please the most cosmopolitan audience.

The Normal girls will appear in Moscow under the management of the University department of music and should be well attended by University students.
